In continuation with the SwachhPakhwara activities, an awareness programme was launched in the village Kannamaly in Ernakulam district of Kerala where several programmes under Swachh Bharat Mission were envisaged in the fishermen colony. Since we are committed to the betterment of the livelihood of fishers, a team comprising of Dr V. Geethalakshmi, Principal Scientist & Nodal Officer, Swachh Bharat Mission, (ICAR-CIFT), Dr. Manoj P. Samuel, HOD (Engg.) visited the village on 24<sup>th</sup> October, 2016 and interacted with the fishermen in regard to the village hygiene and sanitation and other essential amenities for their day-to-day livelihood sustenance.

The villagers expressed the difficulty faced during the summer months, as there is a severe shortage of drinking water. The underground water also was not suitable for drinking purpose unless treated and the need was felt for a community level water harvesting system to combat the drinking water crisis. The team explored the possibilities of construction of a model roof water harvesting system in the village for improving the quality of ground water in collaboration with the Panchayat. The adopted village comes under ChellanamPanchayat. ShriDineshan, Ward member of ChellanamPanchayth, took the team around the village to explore the feasibility of the project.

The team also visited the ChellanamPanchayat and met Mrs. Philomina, Secretary and Mrs. Mercy Josy, President of the Panchayat. Dr. Manoj P. Samuel explained the how the rain water harvesting system works and work plan to start the project was discussed. The various schemes under which the project can be combined were discussed. Around 106 households of the area will benefit from the project. The site suitable for establishment of the roof water harvesting system was decided in consultation with the Ward member and the villagers.

In continuation with the SwachhPakhwara activities, an awareness programme for school children of Puthenthode Government Higher Secondary School, was conducted at Kannamaly which is a coastal village in Ernakulam district on 25/10/2016. As a part of Swachhpakwada programme, the school children were sensitized on the importance of keeping their environment clean and the need to maintain hygiene and sanitation both at private and public places. Mrs. Laila, Headmistress of the School welcomed the gathering. Dr M.M. Prasad, PS & HOD (Microbiology, Fermentation and Biotech Division), Dr A.K. Mohanty, PS & HOD (Extension, Information and Statistics Division), Dr V. Geethalakshmi, PS & Nodal Officer (Swachh Bharat Mission) and Shri V. Chandrasekar, Scientist talked on the occasion. Dr M.M. Prasad outlined the Swachh Bharat Mission objectives and motivated the students to strive and achieve the goals of the Mission by 2019.

Dr V. Geethalakshmi, stressed the necessity to conserve nature and the habitat where we live and pointed out the ill effects of open defecation. Dr A.K. Mohanty asked the students to take an oath to make the country clean in all respects so that India commands a high position in the international arena. Earlier during the SwachhPakhwara celebrations, which started from 16<sup>th</sup> October, 2016 several competitions were held for the students of Puthenthode Government Higher Secondary School including elocution, essay writing, Quiz and painting which were on topics like environment, pollution, responsibility of youth towards hygiene and sanitation, conservation of natural resources, etc.

A total of 100 students participated in the various competitions, and prizes were distributed to winners during the programme. The programme concluded by a formal Vote of Thanks by Shri V. Chandrasekar.

In continuation with the SwachhPakhwara activities, an awareness programme at Palluruthy in Ernakulam district was conducted on 27/10/2016 by ICAR-CIFT, Cochin. As a part of Swachhpakwada programme, the public were sensitized on the importance of keeping their environment clean and the need to maintain hygiene and sanitation both at private and public places. DrSusheela Mathew, HOD (Biochemistry and Nutrition Division), Dr V. Geethalakshmi, PS & Nodal Officer (Swachh Bharat Mission) and Smt Christina Joseph talked on the occasion. DrSusheela Mathew outlined the objectives of Swachh Bharat Mission and motivated the public to strive and achieve the goals of the Mission by 2019.

Smt Christina Joseph, Administrative Officer, ICAR-CIFT, Cochin addressed the gathering and talked about the ill effects of littering in public places and unhygienic practice of defecation in public. MrVarkey, Health Inspector, Corporation of Cochin also spoke on the occasion. The programme ended with a formal Vote of Thanks by Dr V. Geethalakshmi.

As a part of Swachhpakwada programme, the staff of ICAR-CIFT, Cochin cleaned the premises of Palluruthy Relief Shelter which is rehabilitation centre for vagrant and destitute, managed by Corporation of Cochin ([Kerala](#) state, India) in association with Peoples Council for Social Justice (PCSJ), Valanjambalam, South Cochin) on 28<sup>th</sup> October, 2016.

Now there are about 180 inmates and many of them are mentally ill. They belong to various parts of the India and brought to Relief Settlement by local police and social workers.

ICAR-CIFT Recreation Club also handed over used clothes collected from the staff members to the Relief Settlement in-Charge. Also cleaning equipment and liquids for toilets and bathrooms were handed over to the cleaning staff of the Settlement.

On 31<sup>st</sup> October, 2016 the water tanks of the Institute were cleaned by the staff of ICAR-CIFT.

## **ICAR-CIFT VISAKHAPATNAM RESEARCH CENTRE**

In consonance with the call of Hon'ble Prime Minister, ICAR-CIFT, Visakhapatnam Research Centre has geared up its countrywide network to launch "Swachh Bharat Mission" from 21<sup>st</sup> October 2016. The mission is being launched on the concept of Mahatma Gandhi's vision, "Sanitation is more important than independence." In this context, ICAR-CIFT, Visakhapatnam Research Centre has taken up various activities like intensive cleanliness campaign covering the Institute premises and activities to spread message of cleanliness among the staff members.
