

**Report on Celebration of Events on Bharat ki Azadi ka Amrut Mahotsav: 75th
years of Celebration of Independence**

**National Campaign Fisheries Sector: Theme (1): Ecosystem Management for
Sustainable Fisheries
(July 10, 2021)**

**Webinar on the theme "Ecosystem Management for Sustainable Fisheries" conducted
at ICAR-CIFT Head Quarter**

**Talk-1. "Environmental Impacts of Fishing and Mitigation Strategies" by Dr. Leela
Edwin, Principal Scientist and Head of Division (i/c), Fishing Technology**

**Talk-2. "Fishing Gear Related Interventions for Sustainable Fisheries" by Dr. Madhu,
V.R., Principal Scientist**

As part of the National campaign on "Ecosystem Management for Sustainable Fisheries," ICAR-CIFT headquarters organized a webinar on the theme "Ecosystem Management for Sustainable Fisheries" on 10th July 2021. The webinar featuring two talks was presented on the topics of "Environmental Impacts of Fishing and Mitigation Strategies" by Dr. Leela Edwin, Principal Scientist and Head of Division (i/c), Fishing Technology Division, and "Fishing Gear Related Interventions for Sustainable Fisheries" by Dr. Madhu, V.R., Principal Scientist, Fishing Technology Division. Dr. T.V. Sankar, Principal Scientist and In-Charge PME cell, welcomed the gathering and highlighted the importance of the webinar and the background in which it was organized, before introducing the speakers. The two lectures addressed the environmental impacts of fishing, both in terms of energy consumption and bycatch. The interventions of fisheries institutions in ICAR were highlighted, as were the technologies developed by ICAR-CIFT for mitigating several of the impacts that affect fisheries sustainability. The webinar drew about fifty participants from industry, college students enrolled in fisheries-related courses, and members of the general public. Following the lectures, a discussion session was held during which any clarifications sought were thoroughly discussed. Dr.Saly N. Thomas, Principal Scientist, Fishing Technology Division, presented the vote of thanks.
