Date: 31.10.2025

OFFICE ORDER

The Director, ICAR-CIFT, the Nodal Agency approved by the Department of Fisheries (DoF), Ministry of Fisheries, Animal Husbandry and Dairying, Government of India (GoI), has approved for the empanelment of the following firms based on their Expression of Interest (EoI) submitted for standardization, certification, and empanelment of competent manufacturers for Turtle Excluder Devices (TEDs) in India under the Pradhan Mantri Matsya Sampada Yojana (PMMSY) ₹23,485/- (inclusive of taxes).

Pursuant to the invitation of Expressions of Interest (EoIs) from competent manufacturers across India and the subsequent process of technical evaluation, prototype performance testing, and cost assessment conducted by ICAR-CIFT, the following firms have been empanelled as authorized manufacturers for CIFT-TEDs, as per ICAR-CIFT design and specifications.

TERMS AND CONDITIONS

1. With the objective of implementing the Department of Fisheries (DoF), GoI, initiative to introduce TEDs in all trawlers across India, ICAR-CIFT undertook an empanelment process to identify and authorize firms with the requisite technical expertise and manufacturing capability to adopt and produce the CIFT-designed TED in accordance with approved specifications and quality standards.
2. The design rights and intellectual property of the CIFT-TED belong exclusively to ICAR-CIFT. No firm or individual, other than those officially empanelled by ICAR-CIFT, is authorized to manufacture or replicate the CIFT-TED.
3. **Scope of Work:** The empanelled firms shall undertake the fabrication of CIFT-TEDs as per the design and specifications given by ICAR-CIFT which conform to NOAA standards.
4. **PMMSY approved unit cost:** The unit cost for the CIFT-TED has been fixed at **₹23,485/- (inclusive of taxes)** as the uniform approved price across India under the PMMSY. Procurement of CIFT-TEDs at rates below this approved price may result in non-compliance with the prescribed fabrication standards, as the approved cost has been determined based on a justifiable assessment of input and fabrication costs prevailing in the industry.
5. **Transportation costs** shall be additional and will vary depending on the location of supply.
6. **Validity of Empanelment:** The empanelment shall remain valid for **three (3) years** from the date of signing of the Memorandum of Agreement (MoA) between ICAR-CIFT and the empanelled firm, subject to satisfactory performance and compliance.
7. **Procurement of TEDs:** The empanelment has been made on a pan-India basis, with firms identified from all maritime states. State Fisheries Departments, Government Agencies, or other authorized bodies may directly procure CIFT-TEDs from the empanelled firms at the approved rate under PMMSY, without the requirement of a separate tendering process, as the selection and rate approval have been centrally undertaken by ICAR-CIFT and approved by the DoF, GoI.
8. All communications, including procurement intimation, field feedback, or performance reports, shall be shared with ICAR-CIFT (email: ciftdirector@gmail.com; ciftitmu@gmail.com) for monitoring and record purposes.
9. **Quality Assurance:** This empanelment contract with the selected firms mandates that all TEDs shall be manufactured strictly in accordance with the approved design, dimensions, and material specifications validated by ICAR-CIFT. Individual quality inspections for each purchase order will not be required, as long as the empanelled firms adhere to the approved design and production standards under this empanelment. However, the quality

assurance and conformity of the design will be ensured through regular monitoring and oversight by ICAR-CIFT officials.

10. **Limitation of Liability:** ICAR-CIFT and the empanelled manufacturers shall not be held responsible for any damage, deformation, or malfunction of the Turtle Excluder Device (TED) resulting from operational errors, improper installation, or adverse sea conditions. Such damages shall not be construed as manufacturing or design defects, as the approved CIFT-TED design has been validated through extensive field trials under varied and diverse operating conditions.

11. **Disclaimer:** The responsibility of the empanelled manufacturers is limited to ensuring compliance with ICAR-CIFT's approved design, material specifications, and quality standards at the time of dispatch.

12. **Field Usage and Maintenance:** Proper handling, storage, installation, and operation of the CIIFT-TED are the responsibility of the end user or implementing agency. Users are advised to adhere to the operational guidelines provided by ICAR-CIFT to ensure optimal performance and longevity of the device.

13. All units manufactured under this programme shall carry a specific and permanent engraving to identify the empanelled firm responsible for their manufacture, as per the guidelines issued by ICAR-CIFT. In addition, the manufacturing firms shall maintain records by assigning serial numbers to each TED manufactured and supplied, enabling traceability to the place of operation and the corresponding manufacturing lot.
